

Access & Inclusion Model (AIM) Level 7 Additional Assistance in the Pre-School Room Information for Applicants

Is unable to access the pre-school setting, ii. Is unable to commence the ECCE programme iii. Is unable to remain on the ECCE programme, or iv. Is unable to meaningfully participate in the activities provided as part of the ECCE programme <p>It is further agreed that the provision of AIM supports will help to ensure that the child can access and meaningfully participate in the ECCE programme.</p> <p>To participate meaningfully, children with disability should be enabled to reach their full potential in terms of experiencing new skills, opportunities and actively engaging in social activities and interactions with their peer group.</p>

In such circumstances, the recommendation for level 7 can be submitted directly by the EYS to the Pobal AIM Team.</p>	Reason	Comment	Attachment	Level 7	We would like to be considered for Level 7 additional assistance in the pre-school room	Click here to attach a file	<input type="button" value="Remove Request"/>			<input checked="" type="checkbox"/> Add Registration Request

<p>Assessment</p>	<p>Early Years Specialist (Access & Inclusion) Visit:</p> <p>All requests will require a visit to the pre-school setting by an Early Years Specialist (Access & Inclusion) service with a view to identifying whether Level 7 support is needed.</p> <p>Early Years Specialists (Access & Inclusion) will consider:</p> <ul style="list-style-type: none"> • The completed Access & Inclusion Profile; • Whether all other levels and supports (Levels 1 to 6) have been considered and appropriately utilised; • Whether additional assistance is critical to the child’s meaningful participation in the ECCE programme • Whether the provision of an additional capitation would result in an undesirable balance of staff and children as indicated by any National Early Years Quality Development guidelines; • Other expert input from Level 6 HSE Therapeutic Intervention, NCSE and City/County Childcare Committees as necessary <p>The degree of Level 7 support potentially required will have regard to whether the child, in the context of the environment, has complex needs or highly complex needs.</p> <p>The Early Years Specialist makes a recommendation to the Pobal AIM Team who make a final decision on the funding to be awarded.</p>												

	Complex Needs	Highly Complex Needs
	<p>A setting can supplement their staffing by approximately 10 additional staff hours per week.</p> <p>This additional assistance is so that, for example, the Inclusion co-ordinator or a key worker can spend more time working directly with the child or have more non-contact time with relevant health and social care professionals involved in the child's case.</p>	<p>A setting can supplement their staffing by approximately 15 additional staff hours per week, thereby reducing the staff: child ratio for the full duration of the weekly ECCE service.</p> <p>This ensures there is constantly additional support available where this is critical due to, for example, monitoring of a medical condition or the need for intensive 1:1 support.</p>
